2022 ANNUAL CONFERENCE

August 5, 6, 7, 2022

The Association of Asthma Educators (AAE) is the premier national nonprofit organization devoted to excellence and raising the competency of diverse individuals who educate patients and families living with asthma. The AAE Annual Conference is the most prominent educational offering of AAE, drawing over 300 asthma educators from all professions, including; respiratory therapists, nurses, pharmacists, physicians, nurse practitioners, physician assistants, community health workers, athletic trainers, and other healthcare professionals. The common denominator of our conference attendees is passion for improving asthma care through asthma education. This multidisciplinary approach provides a unique opportunity to reach a diverse, and influential target group. The inter-professional nature of the AAE Conference makes it unique as attendees gain new knowledge, skills, and insights to improve patient care when they return to their practice sites. Our conference will offer AMA PRA Category 1 Credits, ACPE, CE, and CRCE credits.

The in-person conference is August 5-7, 2022. The Exhibit Hall will take place August 5 & 6, 2022 with additional sponsored activities available throughout the event. Your support, presence, and knowledge as industry professionals assists our members and attendees to manage asthma more effectively in their community and clinical programs. Attendees will share the new knowledge gained at this conference with colleagues and patients to improve asthma care within their communities

Your support and sponsorship during our 2022 In-Person Conference will provide a partnership that enables the success of our event.

Sincerely,

2022 AAE Conference Chair
